Curriculum Vitae

Personal data :

Name:	Jimmy Dahl Pedersen
Telephone:	+45 30 54 51 24
	+46 (0)793 48 43 48
Email:	Jimmyd@hlpedersen.dk

Work experience :

2022- ***Senior SAP developer at Folksam***

Standard Abap development and OO. Implemented SEPA payments (ISO20022), FCC, UIPATH on SAP screens. Worked with CAMT053 & 054. (All agile)

2021-21 ***SAP technical specialist at Københavns kommune***

Worked with various SAP projects. Coordinating with the supplier (KMD) in regards to various deliveries. Error reporting with KMD and negotiating error payment from KMD.

2016-2020 ***Senior SAP Abap consultant with NNIT A/S***

Worked onsite with customers like DSB, PFA, Haldor Topsøe og SKAT. Worked with reports, BTE, Badi's, webservices, enhancement spots, RFC, CCLM og GDPR.
I did the “License-plate” cut system for SKAT in Abap/OO.
SAP modules: FI, FICO, SD and others.

2015-16 ***Independent Abap consultant***

2013-15 ***Senior SAP Abap consultant at Implema AB***

Primarily worked remote via VPN at many diverse customer types and industries. Industries like fashion jewels, foresting, aluminium and medicine. Worked with reports, BTE, Badi's, web services, enhancement spots, RFC, BSP, POWL and a little FIORI.

2013-13 ***Senior SAP Abap consultant at CGI Sweden***

Worked in Application management, primarily for the E.ON customer, as well as doing some Workflow maintenance and administration.

2010-13 Senior SAP Abap consultant at Circle Group

Syncorder

Mapping Idoc ORDERS01, DELVRY03, DESADV01 & WMMBID01 into a fixed XML format.

Lejerbo

Programmed an interface using Web services via the HTTP protocol directed at apsis.com in SAP module RE.

KMD

Development tasks. primarily with Abap and Abap/OO.
Some Web Dynpro development, Workflow development and maintenance. Primarily worked with expense and TPD documents (FI/CO).
Some work with HP's ALM.

2008-10 Senior SAP Abap consultant at Siemens A/S.

The Danish Defence

Primarily worked in Application management at the Danish Defence as an ABAP developer, doing support on a lot of different SAP modules. (Enhancements, notes, optimization, analysing, design etc.)
Some projects developing BI extractors (on the R3).
Done support and development on invoice- and travel workflows.
Worked with HR, FI/MM, logistics etc.

2006-08 SAP Abap consultant at WMD Scandinavia A/S.

Primarily worked with invoice workflow (FI/MM) at various customers, archiving and ABAP development. Customer support of various solutions and ABAP development.
Development of new FI/MM invoice workflows.

2005-06 SAP Abap developer at Egmont IT.

Worked in the ECHO project (book division), mostly developing in SAP's Media module. Worked with SD and IS-M.
(userexits, enhancements, notes etc.)

2002-03 System developer at Norddata.

Developing COBOL applications on the Fujitsu/Siemens BS2000 platform and designing a new documentation standard.

1998-02 System designer at Nordea.

Development of COBOL applications on the IBM AS/400 (I-series), primarily a tax reporting system for branches in Norway, Sweden and Poland. Have some insights into MIDAS (Modular Banking System).

1995-98 Developer at Louis Poulsen & Co.

Development of applications in COBOL on the AS/400 in the system 36/38 environment.
Support of 11 remote offices and a central warehouse.
Backup function for EDI/400.

1990-95 Developer at ASG on the AS/400, HP-3000 and Digital VAX

Conversion from the HP-3000 platform to IBM AS/400.
Developed applications in (Databus) on Digital Vax 6410.
Support of various PC programs (Office packs etc.).
Worked a lot with ASW-finans (Modular finance system from IBS) and ROBOT/UPS.
Developed COBOL applications on the AS/400.

1987-90 System operator at ASG on the HP-3000 and IBM 8140.

Backup planning/executing and various batch jobs.

Projects :

Development of 3 different BI extractors on the R3.
Development of (among others) extractors for maintenance orders and renovation orders.

Commissioning of travel requests and travel settlement workflows
Copying, setup and customizing of 2 existing travel workflows.

Integration of CMS system (Sitecore) and SAP
Connection created via SAP's .Net connector, both via JCO and Visual basic.

Documentation strategy.
Start up, planning and designing a new in-house documentation strategy and standard for applications at Norddata.

Tax reporting system.
Transmission of Nordea customers account data to relevant tax authorities in Sweden, Norway and Poland.

Global trading.
Installation and data reception from Nordea's global stock market trading system.

Mail system.
Mail system made in COBOL on the AS/400, for transmission of messages between 8-11 remote AS/400's.

Transmission protocol.
Transmission of data between AS/400 and IBM S36, with development of a customized data protocol.

Total restructuring of distribution system.
Conversion of Louis Poulsens nationwide distribution system.

Automatic freight bills.
Data supplied from a PC system loaded via a pc connection to Digital VAX, with automatic generation of freight bills and invoicing.

Sales statistics.
Sales statistics application developed on the HP3000, with extrapolated sales data.

Educations :

IT :

2006 Datanom.
2003 Programconstruction II (Java, UML and Patterns) - Datanom course.
2001 Project management - Datanom course.
1994 Distributed operating systems - Datanom course.
1993 Programming languages (Compiler technique) - Datanom course.
1990 System work at edb-skolen.
1989 Programming of minor systems (PASCAL) at edb-skolen.
1985 Computer assistant at Edb-skolen in Fiolstræde.

Not IT :

2010 HD – Managerial economics
2008 HD – Dataanalyse (statistics)
1998 Piano lessons.
1997 Writer course.
1995 Latin at evening school.
1990 Psychology at HF.
1983 EFG ”handel og kontor” basis year**.**
1981 10'th grade enhanced exam from Kastrupgård skole.

Courses :

Mainframe / SAP:

2018 SAP GDPR course (WDKGDP_95)
2010 SAP DFPS course
2008 BW350 BI data acquisition
2006 BIT610 SAP WebFlow – Programming.
2006 BIT601 SAP WebFlow – Build and use.
2004 SAP Netweaver - ABAP Workbench certification at SAP Denmark.
2002 IBM course in WebSphere MQ System Adm. at EDB-Gruppen.
1999 Robot/SCHEDULE course at Sosy.
1999 Inside AS/400 course at Sosy.
1992 Course in TBL (Databus)
1992 Course at Digital concerning VAX 6410.
1992 Course in EDI/400.
1992 Course at IBM in COBOL/400.
1988 Course at Hewlett Packard as System Operator.

PC :

2004 Macromedia Flash MX – I.
2004 Hacker Workshop (IT security)
2003 Basic Java course at Prosa.
2003 Introduction to Forms6i-builder and Query-builder
2003 Introduction to Oracle9i : SQL Basics
2002 IBM course in TCP/IP at EDB-Gruppen
1995 Course in Lotus Amipro.
1995 Course in Lotus SmartSuite.
1995 Course in Lotus 1-2-3.
1990 Course in Dbase IV.

Various:

2010 First aid course
2004 Mastering Training Design 1 (4MAT)
2002 NLP Communication.
1999 Board responsibility
1993 Board work

Languages

Danish	Native
English	Solid experience, used daily
German	Some experience, not often used.
Latin	Not used since learned
Swedish	Speach and writing

Personal qualities :

I am systematic, a team player and like to be in front of things. Typically I will also be the one that keeps the team together, both with a social front and my good humour.
I consider documentation to be an important part of an application deliverance.
I have a great drive for solving a specific task, I don't give up easily
I am not the type of guy that sit around and waits for things to happen, I prefer to make them happen!

Leisure time :

I read a lot of books, mainly in english (Fantasy and Science fiction) and have in the past participated in writing groups.

My running careerer is unfortunately dead, but I did get to participated in the ”Eremitage” race several times.
I swim every monday and in the summer time, I cycle 20-50 km whenever I can. In the winter time I take my MTB (called Sally) out into the local woods.
Saturdays are ice-skating days.

Marts 2012 I have started ”playing” with Web Dynpro for Abap.
Did my first public lecturing in ”Mindmapping” in September 2012.

I work as a volunteer once a week for Red Cross in Sweden, as a homework helper, for kids in the age 8-15. Every monday evening I work as a volunteer for Malmö inventer group, where I help young people in the age 10-25 with programming Lego Mindstorms and 3D drawing in i CAD.
